AHMED AMIN

Data Analyst | Excel · Power BI · SQL · Python | Operational Reporting & Dashboards

Cairo, Egypt · +20 114 560 3297 · ahmedhindy02@gmail.com · linkedin.com/in/ahmedhindy02 · Portfolio: ahmedhindy.com

SUMMARY

Data analyst with hands-on experience across multiple concurrent reporting workstreams (performance, coaching, audit, compliance and utilization) on large operational datasets in a fast-paced corporate environment. At Concentrix, I own end-to-end quality reporting, coordinating across leadership, stakeholders and technical teams, and automating Excel workflows cut reporting turnaround by **~60%**. Certified in advanced Excel, Power BI, Tableau, SQL, Python and statistics, with a Computer Science degree and a portfolio of dashboards at ahmedhindy.com.

CORE SKILLS

Analysis: Data Cleaning & Validation · Trend & Root Cause Analysis · KPI Design & Tracking

Tools: Advanced Excel (Power Query, Power Pivot, Pivot Tables) · Power BI (DAX) · Tableau · SQL · Python (pandas, NumPy)

Delivery: Dashboard Design · Executive-Ready Reporting · Multi-Workstream Project Management · Cross-Functional Stakeholder Communication · AI-Assisted Analysis (Claude, Copilot)

PROFESSIONAL EXPERIENCE

Senior Quality Evaluator (Data Analysis & Reporting) — Concentrix **Nov 2025 – Present**

Cairo, Egypt

- Own end-to-end reporting and analysis of large operational datasets across concurrent workstreams (performance, coaching, audit, compliance and utilization), delivering daily and weekly insights to leadership and stakeholders.
- Cut reporting turnaround by **~60%** by streamlining and automating Excel-based workflows, improving speed and data accuracy.
- Analyze trends, run root cause analysis, and translate findings into actionable recommendations that shaped SOP changes.
- Maintain data integrity across tracking systems — validating entries, reconciling discrepancies, and keeping reports audit-ready.
- Handle scheduled and ad hoc analysis requests under tight deadlines; present findings clearly to technical and non-technical stakeholders.

Blended Account Advisor — Concentrix **Sep 2024 – Nov 2025**

Cairo, Egypt

- Ranked among **top achievers for 10 consecutive months**, including **top performer for a full quarter**, resolving complex cases across calls, chat, email, and support tickets in a heavily metrics-driven environment.
- Built frontline understanding of customer sentiment, quality expectations, and process gaps — the operational context behind contact center data.
- Collaborated across Slack, Jira, and email, strengthening professional communication with technical and non-technical teams.

AI Engineer — Bitline **Sep 2024 – Nov 2024**

Remote

- Built scalable web scraping and data preprocessing pipelines in Python, reducing data collection time by **80%** and increasing usable data volume by **90%** — hands-on gathering, cleaning, validating, and structuring of large datasets.
- Integrated Retrieval-Augmented Generation (RAG) systems using open-source LLMs for domain-specific tasks, owning collection, cleaning, embedding, and prompt tuning end to end.

ANALYTICS PROJECTS

Customer Engagement & Behavior Analysis — SQL & Tableau **Sep 2025**

- Designed and optimized SQL pipelines (CTEs, reusable views) analyzing engagement and purchase behavior of **35K+ users**; built interactive Tableau dashboards across engagement and revenue metrics, surfacing regional conversion gaps and campaign-timing effects.

YouTube's Top 1,000 Channels Analysis — Power BI **Mar 2025**

- Built an interactive Power BI dashboard analyzing performance drivers, retention patterns, and growth trends across 1,000 channels.

EDUCATION

B.Sc. in Computer Science — Ain Shams University, Cairo · GPA 3.2/4.0 (with Honors) **2020 – 2024**

CERTIFICATIONS & TRAINING

- **365 Data Science Career Tracks:** Data Analyst (incl. Statistics, SQL, Python) · Senior Data Analyst · Data Engineer · AI Engineer · Tableau Developer · Power BI Developer
- **Selected courses & simulations:** A/B Testing in Python · Advanced SQL · Data Visualization with Python, R, Tableau & Excel · Deloitte Data Analytics · British Airways Data Science (predictive modeling) · Bloomberg Client Service
